

ADARSH NADDA

Full Stack (MERN) Developer

+91 7560044001 | adarshnadda2002@gmail.com | [linkedin.com/in/adarsh-nadda-a65328276](https://www.linkedin.com/in/adarsh-nadda-a65328276) | github.com/adarshauspicious-art | Mohali, Punjab

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on industry experience building responsive, production-ready web applications using the MERN stack — React.js, Next.js, Node.js, Express.js, and MongoDB. Proficient in RESTful API design, JWT/OAuth 2.0 authentication, real-time systems with WebSockets and Socket.io, Stripe payments, and AI-assisted development. Committed to clean, maintainable code and delivering seamless user experiences, with growing expertise in TypeScript, Cloud & DevOps (AWS, CI/CD).

TECHNICAL SKILLS

Languages	JavaScript (ES6+), TypeScript, HTML5, CSS3
Frontend	React.js, Next.js, Tailwind CSS, Recharts
Backend & DB	Node.js, Express.js, MongoDB, Mongoose ODM, RESTful API Design
Auth & Security	JWT (Access/Refresh Tokens), OAuth 2.0, bcrypt, RBAC, CORS, Rate Limiting, XSS Mitigation
Payments	Stripe Integration
Real-Time	WebSockets, Socket.io, Redis (Caching & Session Management)
AI Development	AI-Assisted Development, Prompt Engineering, AI-assisted Debugging & Optimisation, LLM-powered Workflow Automation, OpenAI API, Claude, Codex
Tools	Git, GitHub, VS Code, Postman, Responsive Design, MVC Architecture, Performance Optimisation
Learning	AWS (EC2, S3), CI/CD Pipelines, DevOps Fundamentals

PROFESSIONAL EXPERIENCE

Junior Full Stack Developer

Sept 2025 – Present

Auspicious Soft Pvt. Ltd. · Mohali, Punjab

- Build and maintain full-stack applications using React.js, Next.js, Node.js, Express.js, and MongoDB in a collaborative Agile team; translate business requirements into scalable solutions.
- Implement secure auth — JWT access/refresh tokens, bcrypt hashing, RBAC, password reset, email verification, and protected API routes with validation middleware.
- Harden backend with CORS, rate limiting, and XSS mitigation; integrate OpenAI and Claude APIs to deliver AI-powered product features.
- Implement Stripe payment flows, real-time communication via WebSockets and Socket.io, and interactive data dashboards using Recharts.

MERN Stack Intern

Jan 2025 – June 2025

Solitaire Infosys Pvt. Ltd. · Mohali, Punjab

- Developed RESTful APIs with Node.js/Express.js following MVC architecture; built interactive React.js components with dynamic state management and clean, reusable UI.
- Implemented JWT auth and RBAC; applied validation middleware on protected routes; designed MongoDB schemas and performed full CRUD operations across multiple modules.

PROJECTS

Paddle

Next.js · Tailwind CSS · REST API Integration · Live — www.projectplayapp.com

- Built the complete user-facing frontend — court discovery, real-time slot availability, and booking flow — for a live Padel court booking platform in Chandigarh using Next.js and Tailwind CSS.
- Integrated third-party REST APIs for live schedule data; built dynamic responsive components delivering fast, refresh-free availability updates across all devices.

ProjectPlay — Sports Booking & Tournament Management

TypeScript · Next.js · Node.js + Express.js · MongoDB

- Built the admin dashboard for a multi-venue sports platform — venue creation, tournament management, membership & pass controls, attendance tracking, and live match result updates — using Next.js and Tailwind CSS.
- Contributed to backend: designed RESTful APIs for venue management, tournament brackets, player registrations, and pass lifecycle using TypeScript, Express.js, and MongoDB; integrated Redis for caching and session management.

ROFL — Lottery & Giveaway Platform

Next.js · Node.js + Express.js · MongoDB · Stripe

- Engineered the full backend — ticket purchasing APIs, draw logic, winner selection, user wallet & transaction history, and admin prize management — using Node.js, Express.js, and MongoDB.
- Built the complete frontend — ticket browsing, Stripe checkout, user dashboard with transaction history, and real-time draw result announcements — using Next.js and Tailwind CSS.

EDUCATION

Doaba Institute of Engineering and Technology (DIET), Kharar

Bachelor of Technology — Computer Science & Engineering
